

Project: Mercedes-Benz, Truro

Services Value: £200K

Client: Gilbran Ltd

Contract Duration: 24 weeks

Project Value: £1M

Sub Contract Type: Design & Build

Services Consultant: Integr8 Ltd

Size: 15,000 Sq ft

Integr8 successfully negotiated; on a full design and build basis; the refurbishment of a Mercedes-Benz car dealership complete with a full workshop facility and remote wet & dry valet bays in the heart of Truro. The project; split across a number of phases; comprised the extension & major refurbishment of the existing car showroom as well as the extension of the existing workshop. A new remote two car Wet Valet bay and the refurbishment of an existing dry valeting area. The project also included the demolition of an existing building to make way for additional display parking. The works were carried out in such a way as to ensure there was no disruption or loss of trading to the franchise. Integr8 designed, supplied & installed new lighting (general, emergency and escape/exit); containment & wire-ways for the clients data specialist; general & specialist power, inclusive of all final connections to plant/equipment; a new addressable fire alarm system; heating comprising of overhead gas radiant tubular heaters to the workshop, and a heat pump recovery air conditioning system to the showroom; a comprehensive supply & extract ventilation system complete with heat recovery recuperator to the offices.
